Kudos to Our Community!

Dear Frances,

The Board received an email with an incredible compliment to the home owners of McGill Place today. It is with great honor that we share this with the community.

Herman Russell, the developer of McGill Place as well as many of the condominium developments in the area was being interviewed recently, and this is what was shared with the Board from that interview:

"Yesterday, I was interviewing Herman Russell in connection with a research project I am conducting. I mentioned to Mr. Russell the Residential Enterprise Zone policy from Mayor Young's time in office that provided the incentives for the construction of McGill Place. He said he had driven by the property recently, and said it had never looked better. He said that is a tribute to the fine work of your Homeowners Association. He said to be sure and pass that message along to them, and I said I would do so."

Our community should be very proud of the work we have done to keep our community in such great shape and looking so good that from a simple drive by, we illicit this level of positive feedback.

The Board and Sentry are grateful for the ongoing support of our everyone that makes McGill Place such a great community. From our Management Company to the many vendors that provide services and support as well as our dedicated homeowners, we the Board thank you for your ongoing hard work, input and feedback, volunteerism and your financial support. **KUDOS and THANKS TO EVERYONE!**

Sincerely,

The Board of Directors and Sentry Management
